

AMERICAN FORCES SHARE BURDEN BY RELIEVING VETERAN FRENCH TROOPS

GREAT ACTIVITIES ON PART OF GEN. PERSHING'S MEN REPORTED TODAY

U. S. FORCES TO BE THROWN INTO BIG BATTLE ONLY IF, AND WHEN NEEDED, SAYS SECRETARY BAKER

SIBERIAN CITY TAKEN BY ENEMY

American troops are at last to assume a major part in the western front battle. Staff correspondents report miles upon miles of troops and munition transports moving over the roads back of the Toul sector. The fact that the "greatest activities" is reported at general headquarters as well as the lesser headquarters close to the front may indicate that General Pershing is to take personal command of America's part in the participation instead of leaving it in charge of a subordinate. The War Department in its weekly review declared that American troops will relieve veteran French forces who will join Petain's men opposing the drive. This was the description of staff correspondents several days ago, but the War Department added "such of our troops as have received sufficient training will cooperate with the French and in so far as they are able will assume a share of the great burden now so valiantly borne by the French and British armies". This is the only official announcement regarding the fact that American forces will enter the big battle other than that of the Paris war office saying that the French government had decided to accept Pershing's offer of American participation. The hardest fighting reported by Haig today is in the Lys and Arras valleys, on the Moreuil and Demin fronts, where he said the Germans "have made little progress". His counter attacks have alternated with varying success. The British have retired toward Demin. Local British successes were reported in the neighborhood of Serre, 7 miles north of Albert where Haig said 109 machine guns were captured. Attempts of the Germans to push westward from Albert were halted on the outskirts of the city. The enemy has made no progress there since March 27.

A United Press dispatch from London intimated that conscription would be made in Ireland with the consent of the Irish people. Half of the division of the best fighting material in Ireland is idle, it is said. This move would effectively increase Britain's military man power. A Petrograd dispatch said that Russia had concluded peace with Roumania. One of the provisions of the treaty provides for the exportation of the entire surplus of Deserabia wheat—a great supply which Germany coveted.

Washington, April 1.—American troops are relieving veteran French troops so the latter may join the French counter-offensive on the western lines and "such of our troops as have received sufficient amount of training are cooperating with the French. In so far as they are able they will assume a share of the great burden now so valiantly borne by the French and British units." This was officially stated today in the War Department's weekly summary.

The first word here of the capture of the strategic important city of Irkutsk, Siberia, by the Germans was announced in the War Department's summary. "In Siberia the important strategic center Irkutsk has fallen into the hands of the enemy. A hostile detachment believed to number approximately 20,000 is in full possession of the town," said the statement. Apparently this capture was made by German prisoners in Siberia.

It was later made known that the announcement was made on the strength of unofficial reports. Neither the War or State Departments have received confirmation.

The summary declared unreservedly that "the enemy has been unable to force a decision." It predicted that he will be unable to do so just as long as the allied armies are able to maneuver with the consistent unity and flexibility which they have shown during the engagements of the last week.

Considerable American participation is under way, the statement said. Our own resources have been placed unreservedly at the disposition of the Allies and our divisions will be used if and when needed. Our troops are taking their places in other parts to relieve veteran French units for emergency service. "Such troops as are sufficiently trained are cooperating with the latter in as far as they are able assuming a share of the great burden. The statement re-echoed the confidence of our military men here which has been evident since the Germans began their tremendous push.

"The period under review," the statement said, "has been one of anxiety for the Allies. Under the pressure of the enemy who had picked shock units, long and carefully trained troops in mobile warfare, in some of the engagements the British were compelled to give some ground. Haig in the face of great diffi-

PRESIDENT TO TALK AT BALTIMORE ON SATURDAY NEXT

By United Press
Washington, April 1.—The White House let it be known today that President Wilson plans to speak in Baltimore next Saturday at a giant celebration opening the Third Liberty Loan campaign. It is "very probable" the President will deliver an address it was stated officially. It is believed here he will seize the opportunity to drive home a strong war message.

ILLEGAL TROUT FISHER PLACED UNDER ARREST

Game Commissioner Woody Kelly arrested William Harrison, of Dent's Run, Sunday, charged with illegal fishing. Mr. Harrison had in his possession forty trout from three to seven inches long. Harrison is charged with three offenses, fishing on Sunday fishing out of season and having more than the legal number of fish in his possession. The legal number is 25 this year.

Harrison was taken to DuBois and lodged in the lockup last evening. He will be taken to Ridgway to be tried, as the alleged offense was committed in Elk county.

F. A. Sloppy of Mitchell transacted business in town today.

culty has been able to maneuver his basic order of battle and at the same time withdraw his troops to more secure positions. In spite of successful gains over a large area and the capture of prisoners and war material the enemy has been unable to force a decision. Though the Allies have been compelled to retire, the enemy has occupied very little strategic territory. As long as the allied army is able to maneuver with the consistent unity and flexibility which they have shown during engagements the past week, so long will victory elude the enemy. However, as the German high command has staked its fortunes on the success of the spring campaign of 1918 and has apparently determined to force a decision or prove to its own satisfaction that it is unable to do so we must be prepared in case of his failure to obtain major results in the present theatre of war."

The official statement capitalized the words "so long will victory elude the enemy."

With The British Army In The Field, April 1.—The war office reported the occupancy of Moreuil on the right bank of the Avre after heavy fighting. The enemy launched a vicious attack Sunday afternoon between Moreuil and Demin simultaneously entering the town at 3:30 p. m. The Germans are reported moving westward across the Luce valley, having passed Hangard. This practically is the only change south of the Somme, but it is important because it brings the enemy much nearer to the Calais-Paris railway south of Amiens.

London, April 1.—South of the Somme the enemy is persistent in its attempts to advance along the valley of Luce and the Avre but has made little progress, Field Marshal Haig reported today. Throughout yesterday afternoon and evening counter attacks alternated with varying success. The fighting is expected to continue.

Petrograd, April 1.—The Russo-Roumania peace treaty has been concluded. It provides for Roumanian evacuation of Deserabia within two months.

Paris, April 1.—North of Montdidier, especially between Montdidier and on the road from Peronne to Amiens, Anglo-French forces broke up a powerful German attack, the war office announced today.

The main Peronne-Amiens highway crossed the Hamel just north of the Somme. Hamel is 17 miles north of Montdidier.

Paris, April 1.—Long range bombardment of Paris was resumed today.

Hangard has been completely recaptured, the French war office reported today. The Germans incessantly bombarded Grievnes a mile north and west of Montdidier after hand to hand fighting but it remained in our hands. The German losses were considerable.

GOING THEM ONE BETTER

Washington, April 1.—The United States Navy Department plans to perfect a long range gun carrying 105 miles. It will be made along the so-called sub-calibre plan, it was announced today.

DISTRICT BOARD THROUGH FOR PRESENT

Peter Gearhart, member of the District Exemption Board for Division No. 2 of Western Pennsylvania, returned home Friday evening last from Erie. The District Board has completed its work under the present classification and adjourned until April 16th, when it will meet again for a few days to clean up some work that is still pending because a few local boards have been slow in closing up their work and are not yet through with their classifications. There are also some changes of status, cases which may require the District Board to meet occasionally.

The Erie Board is the first District Board in the state to complete its labors, which speaks highly for the efficiency of its members.

ANOTHER AUTO ACCIDENT

A little five-year-old daughter of Mr. and Mrs. James Hudson, of Ogden avenue, was knocked down by the Ford delivery wagon of the Clearfield laundry Saturday afternoon about 4:30. The accident occurred on Market street, near Fourth. The little girl ran directly in front of the car and Harry Knepp the driver was unable to avoid striking her. The machine was almost stopped when the little girl was struck, which prevented a more serious accident. As it was the little victim's face and nose were painfully bruised, but Dr. Frederick Howe, who attended to her injuries, found no serious injury.

EASTER AT THE LUTHERAN CHURCH

Easter at the English Evangelical Lutheran church was celebrated with the usual services beginning with a sunrise service at 6:00 a. m. the theme of which was "The Lord is Risen Indeed" with a most impressive sermon by the Pastor, C. W. Baker and appropriate music by the vested chorus of the Sunday school. Holy Communion was administered at 10:30 a. m., by the pastor, the attendance being one of the largest in the history of the church. The anthem "Christ is Risen" was well rendered by the church choir and the beautiful organ numbers by the organist Miss Mary Markle. A feature of this service was the reception of forty-six new members. By letter, 17; profession of faith, 6; baptism, 10; confirmation 13. There were also ten infant baptisms. The day closed with a well arranged program by the Sunday school "Alpha and Omega". The vested choir accompanied by the Sunday school orchestra, again sang and the children gave their parts to the enjoyment of all. The congregation is happy in again having a pastor, the Rev. C. W. Baker. The church was filled to its capacity at all services.

TRINITY METHODIST CHURCH SPLENDID EASTER SERVICES

Easter Sunday at Trinity Methodist Episcopal church was a memorable day. Some had fears as to the result of the change of time places on Sunday school attendance, but Superintendent H. J. Flegal and his assistants were delighted with an attendance of 418 and an offering of \$67 for the cause of missionary work at home and abroad. The total offering of the school, during the past conference year for the same cause was \$658.

A feature of the Sunday school exercises was an interesting address on missionary work in Syria. The morning sermon on the Resurrection was heard by a large congregation and forty-four persons were received into church fellowship, and three persons were enrolled in preparatory membership. The pastor was assisted by the official board in extending a welcome to this large class of new members.

The evening program of music was carried out as announced, numerous visitors being among the good sized audience present to enjoy the Easter music. Miss Hames, the organist and director of the choir, was complimented as were also the members of the choir, for the delightful music furnished throughout the day.

and the anti-saloon workers are look-
ing forward confidently to seeing the
saloons abolished from many New
Jersey communities before the end of
the year.

To the Citizens of the State of Pennsylvania:

Here in our State the Declaration of Independence was framed
and signed, and for seven long years, suffering untold hardships,
our forefathers fought that we might be free

In the dark days of later years, when it seemed that this
Republic was to be split asunder, a group of patriotic citizens of
our City and Commonwealth founded The Union League to support the
National Government; and, as it is written in our annals—"Their
lives and words must continue an inspiring stimulus to rouse this
and future generations to the obligations that rest, either in
times of war or peace, upon every citizen of the Republic."

Our Government now calls upon us for further aid in the task
of financing the war, and the Third Liberty Loan must be oversub-
scribed if the men who are fighting and dying for us are to be
victorious and human liberty preserved.

As David Lloyd George has said—"Your firing line is the bank
line and to become an active combatant yourself there are no com-
municating trenches to grope along, no barrage to face, no hor-
rors, no wounds. The road to patriotism is clear before you,
follow it, and it will lead, ere long, to safety for our people
and victory for our cause."

The motto "Love of Country Leads" is not only that of The
Union League, but of every loyal Pennsylvanian as well, and we
call upon you, the citizens of our great Commonwealth, to lend
your money to the Government in order that the blood of our fore-
fathers shall not have been shed in vain.

AMERICAN FORCES SHARE BURDEN BY RELIEVING VETERAN FRENCH TROOPS

GREAT ACTIVITIES ON PART OF GEN. PERSHING'S MEN REPORTED TODAY

U. S. FORCES TO BE THROWN INTO BIG BATTLE ONLY IF, AND WHEN NEEDED, SAYS SECRETARY BAKER

SIBERIAN CITY TAKEN BY ENEMY

American troops are at last to assume a major part in the western front battle. Staff correspondents report miles upon miles of troops and munition transports moving over the roads back of the Toul sector. The fact that the "greatest activities" is reported at general headquarters as well as the lesser headquarters close to the front may indicate that General Pershing is to take personal command of America's part in the participation instead of leaving it in charge of a subordinate. The War Department in its weekly review declared that American troops will relieve veteran French forces who will join Petain's men opposing the drive. This was the description of staff correspondents several days ago, but the War Department added "such of our troops as have received sufficient training will cooperate with the French and in so far as they are able will assume a share of the great burden now so valiantly borne by the French and British armies". This is the only official announcement regarding the fact that American forces will enter the big battle other than that of the Paris war office saying that the French government had decided to accept Pershing's offer of American participation. The hardest fighting reported by Haig today is in the Lys and Arras valleys, on the Moreuil and Demin fronts, where he said the Germans "have made little progress". His counterattacks have alternated with varying success. The British have retired toward Demin. Local British successes were reported in the neighborhood of Serre, 7 miles north of Albert where Haig said 109 machine guns were captured. Attempts of the Germans to push westward from Albert were halted on the outskirts of the city. The enemy has made no progress there since March 27.

A United Press dispatch from London intimated that conscription would be made in Ireland with the consent of the Irish people. Half of the division of the best fighting material in Ireland is idle, it is said. This move would effectively increase Britain's military man power. A Petrograd dispatch said that Russia had concluded peace with Roumania. One of the provisions of the treaty provides for the exportation of the entire surplus of Deserabia wheat—a great supply which Germany coveted.

By Carl D. Groat

Washington, April 1.—American troops are relieving veteran French troops so the latter may join the French counter-offensive on the western lines and "such of our troops as have received sufficient amount of training are cooperating with the French. In so far as they are able they will assume a share of the great burden now so valiantly borne by the French and British units." This was officially stated today in the War Department's weekly summary.

The first word here of the capture of the strategic important city of Irkutsk, Siberia, by the Germans was announced in the War Department's summary. "In Siberia the important strategic center Irkutsk has fallen into the hands of the enemy. A hostile detachment believed to number approximately 20,000 is in full possession of the town," said the statement. Apparently this capture was made by German prisoners in Siberia.

It was later made known that the announcement was made on the strength of unofficial reports. Neither the War or State Departments have received confirmation.

The summary declared unreservedly that "the enemy has been unable to force a decision." It predicted that he will be unable to do so just as long as the allied armies are able to maneuver with the consistent unity and flexibility which they have shown during the engagements of the last week.

Considerable American participation is under way, the statement said. Our own resources have been placed unreservedly at the disposition of the Allies, and our divisions will be used if and when needed. Our troops are taking their places in other parts to relieve veteran French units for emergency service. "Such troops as are sufficiently trained are cooperating with the latter in as far as they are able assuming a share of the great burden. The statement re-echoed the confidence of our military men here which has been evident since the Germans began their tremendous push.

"The period under review," the statement said, "has been one of anxiety for the Allies. Under the pressure of the enemy who had picked shock units, long and carefully trained troops in mobile warfare, in some of the engagements the British were compelled to give some ground. Haig in the face of great diffi-

PRESIDENT TO TALK AT BALTIMORE ON SATURDAY NEXT

By United Press
Washington, April 1.—The White House let it be known today that President Wilson plans to speak in Baltimore next Saturday at a giant celebration opening the Third Liberty Loan campaign. It is "very probable" the President will deliver an address it was stated officially. It is believed here he will seize the opportunity to drive home a strong war message.

ILLEGAL TROUT FISHER PLACED UNDER ARREST

Game Commissioner Woody Kelly arrested William Harrison, of Dent's Run, Sunday, charged with illegal fishing. Mr. Harrison had in his possession forty trout from three to seven inches long. Harrison is charged with three offenses, fishing on Sunday fishing out of season and having more than the legal number of fish in his possession. The legal number is 25 this year.

Harrison was taken to DuBois and lodged in the lockup last evening. He will be taken to Ridgway to be tried, as the alleged offense was committed in Elk county.

F. A. Sloppy of Mitchell transacted business in town today.

culty has been able to maneuver his basic order of battle and at the same time withdraw his troops to more secure positions. In spite of successful gains over a large area and the capture of prisoners and war material the enemy has been unable to force a decision. Though the Allies have been compelled to retire, the enemy has occupied very little strategic territory. As long as the allied army is able to maneuver with the consistent unity and flexibility which they have shown during engagements the past week, so long will victory elude the enemy. However, as the German high command has staked its fortunes on the success of the spring campaign of 1918 and has apparently determined to force a decision or prove to its own satisfaction that it is unable to do so we must be prepared in case of his failure to obtain major results in the present theatre of war."

The official statement capitalized the words "so long will victory elude the enemy."

With The British Army In The Field, April 1.—The war office reported the occupancy of Moreuil on the right bank of the Avre after heavy fighting. The enemy launched a vicious attack Sunday afternoon between Moreuil and Demin simultaneously entering the town at 3:30 p. m. The Germans are reported moving westward across the Luce valley, having passed Hangard. This practically is the only change south of the Somme, but it is important because it brings the enemy much nearer to the Calais-Paris railway south of Amiens.

London, April 1.—South of the Somme the enemy is persistent in its attempts to advance along the valley of Luce and the Avre but has made little progress, Field Marshal Haig reported today. Throughout yesterday afternoon and evening counter attacks alternated with varying success. The fighting is expected to continue.

Petrograd, April 1.—The Russo-Roumania peace treaty has been concluded. It provides for Roumanian evacuation of Deserabia within two months.

Paris, April 1.—North of Montdidier, especially between Montdidier and on the road from Peronne to Amiens, Anglo-French forces broke up a powerful German attack, the war office announced today.

The main Peronne-Amiens highway crossed the Hamel just north of the Somme. Hamel is 17 miles north of Montdidier.

Paris, April 1.—Long range bombardment of Paris was resumed today.

Hangard has been completely recaptured, the French war office reported today. The Germans incessantly bombarded Grievnes a mile north and west of Montdidier after hand to hand fighting but it remained in our hands. The German losses were considerable.

GOING THEM ONE BETTER

Washington, April 1.—The United States Navy Department plans to perfect a long range gun carrying 105 miles. It will be made along the so-called sub-calibre plan, it was announced today.

DISTRICT BOARD THROUGH FOR PRESENT

Peter Gearhart, member of the District Exemption Board for Division No. 2 of Western Pennsylvania, returned home Friday evening last from Erie. The District Board has completed its work under the present classification and adjourned until April 16th, when it will meet again for a few days to clean up some work that is still pending because a few local boards have been slow in closing up their work and are not yet through with their classifications. There are also some changes of status, cases which may require the District Board to meet occasionally.

The Erie Board is the first District Board in the state to complete its labors, which speaks highly for the efficiency of its members.

ANOTHER AUTO ACCIDENT

A little five-year-old daughter of Mr. and Mrs. James Hudson, of Ogden avenue, was knocked down by the Ford delivery wagon of the Clearfield laundry Saturday afternoon about 4:30. The accident occurred on Market street, near Fourth. The little girl ran directly in front of the car and Harry Knepp the driver was unable to avoid striking her. The machine was almost stopped when the little girl was struck, which prevented a more serious accident. As it was the little victim's face and nose were painfully bruised, but Dr. Frederick Howe, who attended to her injuries, found no serious injury.

EASTER AT THE LUTHERAN CHURCH

Easter at the English Evangelical Lutheran church was celebrated with the usual services beginning with a sunrise service at 6:00 a. m. the theme of which was "The Lord is Risen Indeed" with a most impressive sermon by the Pastor, C. W. Baker and appropriate music by the vested chorus of the Sunday school. Holy Communion was administered at 10:30 a. m., by the pastor, the attendance being one of the largest in the history of the church. The anthem "Christ is Risen" was well rendered by the church choir and the beautiful organ numbers by the organist Miss Mary Markle. A feature of this service was the reception of forty-six new members. By letter, 17; profession of faith, 6; baptism, 10; confirmation 13. There were also ten infant baptisms. The day closed with a well arranged program by the Sunday school "Alpha and Omega". The vested choir accompanied by the Sunday school orchestra, again sang and the children gave their parts to the enjoyment of all. The congregation is happy in again having a pastor, the Rev. C. W. Baker. The church was filled to its capacity at all services.

TRINITY METHODIST CHURCH SPLENDID EASTER SERVICES

Easter Sunday at Trinity Methodist Episcopal church was a memorable day. Some had fears as to the result of the change of time places on Sunday school attendance, but Superintendent H. J. Flegal and his assistants were delighted with an attendance of 418 and an offering of \$67 for the cause of missionary work at home and abroad. The total offering of the school during the past conference year for the same cause was \$658.

A feature of the Sunday school exercises was an interesting address on missionary work in Syria. The morning sermon on the Resurrection was heard by a large congregation and forty-four persons were received into church fellowship, and three persons were enrolled in preparatory membership. The pastor was assisted by the official board in extending a welcome to this large class of new members.

The evening program of music was carried out as announced, numerous visitors being among the good sized audience present to enjoy the Easter music. Miss Hames, the organist and director of the choir, was complimented as were also the members of the choir, for the delightful music furnished throughout the day.

A TRUCE TO GENERAL GRANTS OF POWER

The President's insistence that the Overman bill shall be passed exactly as it was sent to the Senate from the White House will produce a test which may not result as he thinks. The attitude of Congress toward the further granting of unrestricted powers to administrative officers is not what it was six months ago when all that was necessary to secure the passage of a measure was to say that the President wanted it or that it was essential to the proper prosecution of the war. Congress is now reluctant further to barter away its own functions for nothing and it is most distinctly "from Missouri" when a bill is advocated on the ground of its necessity as a war measure. In this Congress reflects the opinion of the country. The people are becoming very skeptical of the wisdom of general grants of power such as have already been made in profusion and the exercise of which has not, in every case, been measurably productive or the prophesied results. That the Overman bill is not the crying necessity which its sponsors declare is plainly shown by the fact that the President, without waiting for Congress to act, has already taken some steps which the bill would authorize. The plain implication is that the present powers are ample for purposes which he has proposed to have in view. If he has which are not disclosed and cannot be carried out unless the Overman bill is passed, it is not too much that he should inform Congress and the country. Mere insistence will not suffice.

OPENING OF BASEBALL SEASON

San Francisco, Cal., April 1.—With games scheduled in three of the six cities comprising the Pacific Coast league, the 1918 season of professional baseball will be ushered in tomorrow. Since the close of last season, partly as a measure of wartime economy, the Pacific Coast circuit has been made more compact by the dropping of Portland and the substitution of Sacramento for the old member in far north. Walter McCredie, the veteran manager of the Portland club, is now directing the affairs of the Salt Lake City club. In the opening games tomorrow Salt Lake City will play at Los Angeles, Vernon at Sacramento, and Oakland in San Francisco. The schedule calls for a season of thirty weeks, with Oct. 27 as the closing date.

GINGERY A CANDIDATE

Don Gingery, former member of the legislature has announced his candidacy for the office of Member of the Democratic State Committee.

BOYS, HERE'S HOW TO HINDER HINDENBURG

If Bill, the coach, said, "Boys pitch in and show some class. We've got to win. We need the hurdles for a starter, then we've got to take the quarter, the 100-dash, the half-mile run, the relays and before we've done—say, this will make you fellow hump—we've got to cop the running jump, the shot-put—it'll be a cinch—but grab the pole-vault in a pinch. If you buck up and pull this stunt the other schools ain't in the hunt." If Bill said that and put it up to you to win the champion cup, right away you know you'd hop to put the old school flag on top. And when you placed it there you'd howl and dance and celebrate and howl. But, now another game in life demands more pep than high school stuff. The biggest game of all is on, and you must help to get it won. Bill the King of old Berlin—the gun whose mustache makes you grin—Old Kaiser Bill has gone to bat. He hopes to give the earth a swat. Your Uncle Sam is in the box. He's out to give Old Bill his knox. And you are needed on the team. They want you there to help put steam in Uncle Sam's pitching arm. You play in center field—the "Farm" is what those funny bare ball scribes call "center" in their diatribes. The Farm is calling for your muscle, there is a red-hot need for hustle to make things grow in bigger lots. We must feed-up to knock the spots off Hindenburg and Bill the Great. So grab a hoe, give Bill the gate, or take a turn behind the plough and demonstrate to Hindy how the trench to beat the German huns will be the old potato furrow. Get boys get out and till the land, haw, God's green fields. There's something grand about the soil, about the manly homely toil that makes the fertile earth produce. You're needed, you can be of use; your duty not to shoo! arms—your bit is SAVE THE WORLD ON FARMS

MONTREAL MAYORAL CAMPAIGN

Montreal, April 1.—A lively campaign for the mayoralty of Montreal closed today, preliminary to tomorrow's election. The candidates are the present mayor, Mederic Martin, and Joseph Ainey, labor leader and member of the board of control. Two other opposition candidates withdrew to give Mr. Ainey a clear field. There has been considerable disorder at some of the rallies, particularly at those held for Mr. Ainey. Mayor Martin has denied charges that he is responsible for these disturbances. Less importance than formerly attaches to the contest this year, as under the new commission form of government, the mayor will have little power, being limited practically to ceremonial functions.

HERE IS HONOR FLAG OF THIRD LIBERTY LOAN; LET'S FLY IT FIRST

Third Liberty Loan Honor Flag.

By the Honor Flag of the Third Liberty Loan we will honor the patriots of the nation—the individual patriots, the town, city or county patriots, the state patriots.

The community over which the Honor Flag flies first will be the community which has first loaned to Uncle Sam all he has asked to borrow from that community to carry on the war for the freedom of the world.

The specially designed Honor Flag shown in the picture will be awarded to every community to which a quota has been assigned as soon as that community has attained that quota.

Then each subscriber in that community will get a small poster for home window display containing a reproduction of the Honor Flag and a blank for the name of the subscriber.

In each community to which a quota has been assigned a large honor roll will be posted as conspicuously as possible at the top of which will be a replica of the Honor Flag and the slogan: "Help Our Town Win the Right to Fly This Flag." Space will be left below for the enrollment of names of all subscribers in the community.

A large Honor Flag will be awarded to each state in the union as that state reaches its quota. On the state flag will be enrolled the names of the communities in that state as the communities reach their quota. The flag will be flown at the capital.

The parent flag of all the Honor Flags will be unfurled at Washington and on it will be recorded the names of the states in the order in which they go "over the top."

The Honor Flag is white with a red border and three blue horizontal stripes through the white rectangle.

The Honor Flag for communities will be 36 inches wide and 54 inches long. They are of the same quality as the flags of the navy.

CONSIDER THE POIL— THEN BUY A BOND

We have just seen a letter from a French soldier in the artillery. He is overjoyed, for he has had a promotion in rank and now he is to get 14 cents a day. He is proud that he is now independent and doesn't have to call upon anybody to help him out.

As for the danger—poof! For two years he went through the thick of things for 5 cents a day, then he was raised to 7 and now to 14.

This offers a bunch of suggestions to every indifferent American, for that French soldier is fighting our battle while fighting his own.

THE BAND THAT BOOSTS THE BONDS

A Section of the Great Lakes Naval Training School Band.

One of the big names of the Third Liberty Loan drive is to be the Great Lakes Naval Training School Band. The band will come as early as they can from the training station at Great Lakes, Ill., to the Fourth Liberty Loan drive in Clearfield.

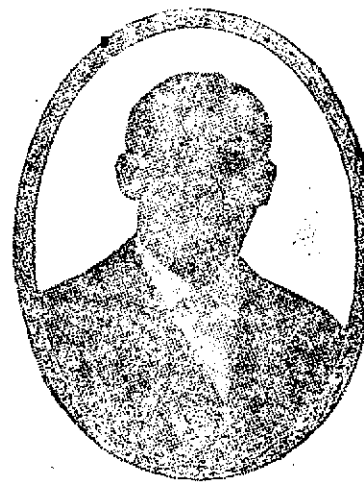

The band is to make a tour of the district.

The band is to make a tour of the district.

The band is to make a tour of the district.

Mr. and Mrs. John Forsyth, Mr. and Mrs. Harry Boulton and Mr. and Mrs. J. W. Reed motored to DuBois yesterday and visited friends.

OLD SQUIRE DIVVIES WITH UNCLE SAM

Squire Bob Hill.

Squire Bob Hill, of Muhlenberg township, Pickaway county, Ohio, has never made any pretensions to excessive patriotism. He has just lived along in a quiet sort of way and attended to his business, leaving his patriotism to take care of itself, much the same as most of us do.

But along about wheat selling time last winter there was a Y. M. C. A. campaign in. Squire Bob sold his wheat at \$2.25 a bushel. It was more than he had ever got for wheat in all his life.

"I'm not entitled to such a price," Squire Bob told his friends afterward. "I can make money at a dollar a bushel less. Uncle Sam is entitled to a part of this year's proceeds."

So he gave the Y. M. C. A. a hundred dollars. And he might admit having bought a Liberty Bond or two. And he took a fat log over to Circleville and auctioned it off on the public square, turning over the proceeds to the Sammies' Christmas fund.

And the funny thing about it all was that his \$100 contribution to the Y. M. C. A. made some of the wealthier and more ambitious citizens of the township dig down for a second \$50 to keep pace with the modest squire of Darbyville.

What a pity there aren't more Bob Hills scattered around Ohio!

LIEUTENANT SOUSA— MINUS THAT BEARD

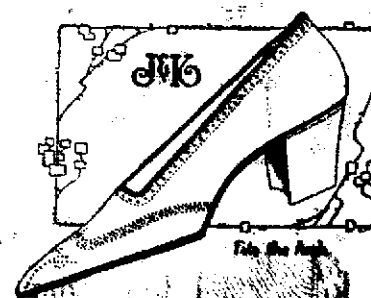

Lieut. John Phillip Sousa.

Lieutenant John Phillip Sousa has lost his beard.

That beard had become a national institution. It was known wherever band music was heard. But when he began training the Jackies of the Great Lakes Naval Training School band at the naval training station at Great Lakes, Ill., and took on the title of Lieutenant he left off the beard.

The loss of the jaw adornment was not accompanied by any loss, however, of the old Sousa knack of getting the most out of a band that is in it. Lieutenant Sousa has imparted all the old fire to the boys of the naval training station and how faithfully they have absorbed it will be seen in many cities and towns of the Fourth Federal Reserve district during the weeks of the Third Liberty Loan drive. The band is to make a tour of the district.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

DRYING UP THE NATION

Washington, D. C., April 1.—Another state is to be added to the prohibition column tomorrow, when Indiana is to become "dry" by legislative enactment. Through court proceedings and injunctions the enforcement of the law is likely to be held up temporarily in certain cities of the state, pending a final decision of the supreme court in the cases brought by the liquor interests to test the constitutionality of the law. But according to reports from Indianapolis the liquor men themselves have no hopes of gaining more than a brief respite from the enforcement of the statewide law. Some of the breweries are already being dismantled, and others are going into the soft-drink business. The distilleries in Indiana, as in other states, have not been operating since Congress stopped the making of whiskey.

A survey of the country showing the relative position of the wet and dry forces with reference to ultimate action upon the national prohibition amendment, indicates a growth in prohibition sentiment so widespread and continuous as to afford fair ground for believing that the nation will be nominally dry long before the seven-year limit of acceptance carried in the resolution as it passed Congress.

Mrs. W. S. Piper, daughter Lenore and son Billie are expected to arrive home this week from St. Petersburg, Fla., where they have been spending the winter.

OBITUARY

JOHN SITMAN McQUOWN

John S. McQuown, a well known citizen of Lumber City, died in Clearfield hospital Thursday at 10:45, the result of heart trouble from which he had been suffering for about two months in an acute form. Having disposed of his property at Lumber City he came to the home of his daughter, Mrs. Ernest Ferguson, on Eighth street three weeks ago and his improvement was not encouraging and on Wednesday he was taken to the hospital by his physician Dr. S. J. Waterworth and some complications were removed and his case then was most encouraging. His wife was with him on Thursday and a phone message to her on Friday morning reported good progress. A few minutes before his death he was joking with the nurse concerning something more to eat and she started to honor his request but was attracted by the patient's silence and turning to the patient noticed the blue lips and in a moment it was all over and he passed into that peaceful sleep that knows no waking.

John Sitman McQuown was a son of John and Hannah Wall McQuown, of Ganoe township, Indiana. His father died at the early age of 5 years at his home, and birthplace of the deceased, who was born March 2d, 1848. Hence at his death he was aged 70 years and 27 days. He was but ten years of age when his father died and after his mother's death, which occurred one year later, he was taken into the home of William Black, where he remained for five years attending the district school.

He then attended the Covode Academy and taught one term of school at Richmond, Indiana county.

He came to Clearfield county in 1866 and engaged with the late John W. Bell, serving as mill foreman and lumberman for eleven years. In 1876 he was married to Rebecca Emigh, daughter of John and Sophia Emigh, of Big Run, and is survived by his wife and the following children: Edna, married to Wm. P. Hefner, of DuBois; Alta, married to Ernest Ferguson, residing on Eighth street, Clearfield; Wayne S., in the lumbering business in New York state; J. K., of Lumber City, and Carlton Read, a telegraph operator in Dalton, Ontario, Canada, and who is married to Miss Mazie Murray, daughter of Mr. and Mrs. Elmer Murray of Shawsville. He is also survived by ten grand children. Also by two sisters and one brother, viz: Mrs. Thomas Hendricks, of Brookville and Mrs. Martha Guthrie, of Punxsutawney, and Lafayette of Michigan.

Becoming a resident of Lumber City in 1877, he became one of its active citizens, holding one or more of its local offices almost constantly and at the time of his death was president of the telephone company, secretary of the School Board and secretary of the Board of Health.

The funeral will take place from the home of his daughter Mrs. Ferguson, Eighth street, on Monday at 1 o'clock. Interment will be made in Hillcrest cemetery.

The deceased was a faithful member of the Methodist church, and with him his wife and family associated, only too glad to follow the example of a truly religious father. Not only was he a living example of the true christian in his church, but every act of his life, at home or in distant states where his occupation as estimator of timber called him, exemplified the christian man. He was distinctly an honest man, no shoddy or sham was ever countenanced by him and all forms of deceit were repulsive to his refined nature. Gross and impure natures, however decorated, to him were shambles. On one occasion I heard him remark that you could not disguise the fact that "honesty gave splendor to youth and awe to wrinkled skin and gray hairs," thus showing that he never overlooked this important element in the character of men. No truer epitaph could be carved on his tomb than "Here Rests An Honest Man."
